

Mill River Wetland Committee
invites you to join us for
How to Install a Rain Garden
A Beautiful Solution to Water Pollution

How to Install a Rain Garden Series

March 27 7:00 p.m. What is a Rain Garden, Session I

Celebrate the first days of spring at the Woods Branch Library by joining us to learn about how the watershed works. Find out ways to make your garden better able to handle water and drought.

Learn about what is being done in Fairfield.

April 3 7:00 p.m. What is a Rain Garden, Session II

Join a Landscape Architect to lead us through the planning process of building a rain garden. Presentation will include how to size the garden, best site for a rain garden, best plants for a rain garden, and any questions you have.

To register for April 3, [Click Here.](#)

April 22 10:00 a.m. What is a Rain Garden Session III

Join us on Earth Day and make use of all you've learned for a hands-on workshop. We will build a rain garden on the Woods Branch Library property.

To register for April 22, [Click Here.](#)

Join us for any one or all sessions!

Open to the public. Registration required.
